

## EPK — Keith Jones Acoustic Guitar

Phoenix, Arizona

### Artist Overview

Keith Jones is a Phoenix-based acoustic guitarist blending steel-string, live looping, and expressive technique to create a warm, atmospheric sound. With 17+ years of experience performing across Phoenix and Scottsdale, Keith brings polished, dynamic acoustic music to resorts, wine bars, weddings, private events, and corporate gatherings.

A strong proponent of true live performance, Keith does not use pre-recorded tracks. Every layer—rhythm, harmony, melody, and percussion—is created in real time using looping. This approach keeps each performance original and adaptable, allowing the music to shift naturally with the room and the audience's energy.

Keith performs across multiple genres, using the acoustic guitar to give every piece a shared tone and cohesiveness. This allows songs from very different styles to blend naturally into the same set. Set diversity is one of the most common compliments he receives—he prefers creating an inclusive musical atmosphere rather than sticking to a single genre all night.

### What to Expect at a Performance

- A fully live, one-of-a-kind experience
- A warm, layered acoustic sound
- A diverse and audience-friendly setlist
- Professionalism and consistency
- Adaptability to venue needs
